

Employment Opportunity YVR Ground Service Equipment (GSE) Mechanic

Wage: \$35.00 per hour (or commensurate with experience)
Hours of Work: Permanent Full-time (40 hours per week)
Location: Vancouver, BC
Closing Date: Until Filled

While aircraft are the most visible machines that an airline owns, just as critical to day-to-day operations is an airline's ground equipment—and those responsible for maintaining them. We're seeking a talented GSE Mechanic to assist with the ongoing maintenance of everything from portable stairs to fuel and food trucks, tow tractors, aircraft tugs, GPUs and company vehicles. Roll up your sleeves and work on everything from standard maintenance to troubleshooting unexpected issues, as well as ongoing projects. No two days will be alike!

Reporting to the GSE Supervisor, this position is responsible for repairing, maintaining, and overhauling ground service equipment and vehicles on a schedule or as required; keep accurate and detailed records of all repair and maintenance; prepare parts purchase requisitions and manage inventory of parts; ensure all safety standards are met; keep tools and support equipment in safe and working condition; and keeping work areas clean and free from hazards.

You would be a great fit for this position if you have the following:

- Knowledge of drive-trains, diesel and gasoline engines, propane fuel, complex electrical and hydraulic systems, and metal fabrication and welding
- Ability to obtain a Transport Canada Restricted Area Identification Card (RAIC)
- Ability to understand various schematic diagrams for maintenance troubleshooting and be proficient with computers and diagnostic tools
- Excellent English written and verbal communication skills
- Strong time management skills
- Ability to work in all weather conditions, as some repairs are done outdoors on the ramp
- Ability to work under minimal supervision
- Most importantly, a good sense of humour and likes to have fun

Qualifications/Conditions of Employment:

- Valid Automotive Service Technician, Commercial Transport Mechanic or Heavy-Duty Mechanic Certification
- Valid Class 5 Driver's License
- Must be physically fit to perform a wide range of physical and manual tasks

How to Apply:

Please submit your resume and cover letter to the Human Resources Department.
