

## Employment Opportunity

### Apprentice Aircraft Maintenance Engineer

**Competition #:** 4N24-015  
**Wage:** \$22.00 or commensurate with experience  
**Hours of Work:** Permanent Full-Time  
**Location:** Whitehorse, Yukon  
**Closing Date:** Until Filled

We are seeking a hard-working individual, who takes pride in their work, brings a positive attitude to the work environment and is seeking employment with a fun, professional, and reputable company.

Reporting to the Maintenance Manager, the Apprentice AME is a mechanic who is in the process of obtaining the training, knowledge, experience and skill required to obtain an AME M2 rated license. The Apprentice AME works under the direct supervision of an ACA to maintain Air North, Yukon's Airline aircraft in a safe and effective manner including: servicing, inspecting, repairing and monitoring of aircraft to ensure airworthiness standards are met. Tasks performed satisfactorily while under direct supervision of qualified staff are eligible to be entered into the apprentice's maintenance log book for the purpose of meeting the Transport Canada criteria for acquisition of an AME M2 rated license.

#### Why work for us?

- Flight benefits – international and domestic for you and your family!
- Opportunities for advancement in your career
- Employer paid extended health & dental options
- Group RRSP investment options
- Shift premiums available
- Cargo shipping benefits
- Feeling of being part of the community

#### Duties and Responsibilities Under ACA Supervision:

- Accomplish aircraft maintenance tasks (on the job training) under direct supervision of an ACA
- Conduct maintenance, repairs, and modifications to aircraft using approved tools, materials and manuals
- Troubleshoot and rectify aircraft system defects
- Ensure the Company's safety standards are adhered to at all times
- Ensure work accomplished is correctly documented and recorded
- Verify parts installed onto the aircraft are properly certified, prior to installation
- Ensure the Company's hanger facilities, tooling and equipment are maintained to industry standards
- Understand and comply with all regulatory requirements and Company policies, manuals, and documentation requirements in accordance with Airworthiness Certification Authority
- Liaise with Stores on parts needed, used, and accounted for
- Complete training courses and attend programs as required
- Perform other duties as directed by the Maintenance Manager or ACA

#### Knowledge, Skills and Abilities:

- Excellent written/oral communication skills with strong listening
- Ability to effectively work individually and as part of a team
- Experience working with aircraft operated by the Company (B737-400/500/800 and/or ATR 42-300/320) would be considered an asset
- Excellent troubleshooting and analytical skills
